

Serving the needs of others...

What some of our clients are saying about how we can help:

"In 2006 we looked feverishly for a system that would allow us to track the frequency with which consumers utilized our benevolent ministry. Then we found Charity Check!"

"I cannot tell you how much benefit we have gained from using this service. As executive director I have promoted its use to numerous pastors and para-church leaders. Charity Check empowers us as a community to make decisions more judiciously, making us better stewards of the limited resources available."

"The staff at Charity Check is very helpful and professional every time I have sought assistance. They are always prompt to respond to the need. Thank you Charity Check!"

Reba A. Terry, MSSW, LCSW
Executive Director of The Caring Place
Cleveland, TN

"Charity Check is truly a gift from God to the service providers and to those seeking help. I highly recommend and encourage you to come online with Charity Check."

Sarah C. Wells
Good Samaritan Ministries
Johnson City, TN

Taking the guesswork out of
your benevolence program

How Do You Know That The Individual Seeking Assistance Really Is In Need?

That's the question that faces every benevolent program. Many times individuals travel from church to church, food

bank to food bank, agency to agency, receiving multiple help for a single need.

How can you know where they have been and what assistance they have already received? How can you tell if their request is legitimate? How can you network with other agencies to ensure that those who really do need help receive it? Well, now there is a way to be sure. **It's Charity Check!**

The Benefits

By utilizing Charity Check's web based solution, churches and other agencies providing benevolent help can verify if a request is valid. Imagine being able to view a client's record of assistance from across your community in an instant! This allows you to make the most informed decision possible.

Charity Check offers other benefits such as:

- National database allowing the tracking not only of local clients but transients as well.
- On screen Agency Assistance history which you can filter by date.
- Downloadable Agency Report allowing you to export all client and gift information for use in developing custom reports.
- Community of Care Grouping option which allows communities to group participating agencies for the purpose of developing reports which can be used for grant purposes, press releases or other dissemination of statistical information.

Not only do you reap the benefits of networking, but by participating you will be of help to countless other organizations as you make your information available to them.

How It Works

After receiving your application and registration fee, Charity Check will authorize the username and password of your choice. Afterwards, you can log onto our website at **www.charityck.com**. Here you can enter our member area with your new username and password. Once inside you can choose to search the database by Social Security number or Driver's License number. If the individual is already in the database you can browse their history of receiving help. Then you update the database with the assistance given by you or denied by you.

If when you perform a search the individual is not found then you create a record with our user friendly form. Immediately the record will be ready for review by the next member church that is sought for assistance from the individual.

It's just that simple to use **Charity Check!**

Rates

Charity Check offers rates that are affordable to all organizations regardless of their size. Contact a Charity Check representative today who can assist you with your application and help you quickly build a network in your community.

More thoughts from our clients

"Charity Check is very user friendly and is quickly becoming a great partner to our data system. It provides a good source for our continuum of care in the community. We look forward to working with the churches and other agencies in our community with great excitement. We believe it will enhance the services and resources we can provide our clients."

Camilla Zimbal
Social Services Director
Metrocrest Social Services
Carrollton, TX

"Charity Check has been such an asset for our New Focus churches. Many churches want to network together to effectively meet the needs of the community, but do not have a method to do so. Charity Check has provided a way for churches to be a good steward of their resources by identifying who, what, where and when resources have been given."

"Charity Check is a must have for churches that want to develop their benevolence ministries."

Shelley Appel
New Focus Director, a compassionate ministry of
Here's Life Inner City, Campus Crusade
Allendale, MI
